Signature

Date

Return to:

Country Inn

N9195 Hwy 55, Pickerel, WI 54465

There is an annual fee for your booth spot of 50.00. This will secure your space and you may set up any time you would like throughout the season on Wed and Saturday. The Month of July will be free for you to setup on Wednesday and or Saturday. We do need you to still fill out this form and pick your days etc so we have space available for you. Starting in August there is a day booth fee if you do not want to commit to an annual booth spot. Which is 10.00 for a day. We will assign a space to you for that particular day you would like to setup.

You may make your check payable to Country Inn.

Thank you and God Bless!

What is my fee used for? We are creating banners and signs we are using the local paper to advertise the market. We will be securing a ad spot in two Up North Visitor Guides. There will be a website domain where we will list your information for our market customers to view. Also, we will have vendor resources on the website to help with making your market experience the best it can be! There will be a gallery page on the website for people to see what you have to offer. We will build a business facebook page for the market for people to interact with. You will all have access to the facebook page and will be able to post to your customers what you will be featuring and what days you will be at the market! Your customers can message you on the page as well.
